THE NEW CHARTER

Scems to be as Far Away Now as It Has Been at Any Time.

THE SUB-COMMITTEE TO MEET

The Second Priday of Each Month, Instead of On Wednesday, as Stefore Suggested-This Change is Made to Avoid Conflicting with Prayer Meetings-Members Are Asked to Present in Writing any Suggestions they May Have for Changes in the Charter.

The special committee of the city council, chamber of commerce, trades assembly, builders' exchange and citizens at large, which was some time ago appointed to make amendments to the city charter, met last night. The regular meeting should have been held Wednesday evening, but owing to some misunderstanding it was not held at that time. Chairman Haslett is in California and was not present last evening. On motion of Mr. Hamilton, Col. O'Brien was made chairman pro-tem.

Col. O'Brien was made that several members of the committee were prominent in church work, and Wednesday being prayer meeting night they could not well attend on that evening. Later it was ordered that the committee meet on the second Friday of each month. The minutes of the last meeting of the general committee were read, and appropriate the second from the second friday of each month.

The minites of the last meeting of the keneral committee were read, and approved.

Mr. Davisson said he thought the subcommittee ought to neet, even if the chairman was absent. Mr. Robertson made some remarks on the same line, as did Mr. J. A. Miller.

Mr. Robertson moved that the subcommittee be called to meet next Thursday night.

Mr. Davisson moved to amend by simply recommending that the sub-committee meet on Thursday evening to organise, but he afterwards withdrew the amendment and Mr. Robertson's motion was carried.

Mr. Davisson suggested that all members of the committee put any ideas in relation to the new charter which they might entertain into writing and send it to the sub-committee. Mr. Hamilton advocated this and it was finally adopted.

Mr. Tighe made some very practical

advocated this and it was finally adopted.

Mr. Tighe made some very practical suggestions as to the work the committee could be expected to do.

As there was not much that the committee could do before the sub-committee had met and reported, the committee adjourned after a brief informal discussion. It is not improbable that there may be a change in the city lines, so as to make a "dreater Wheeling."

While the suggestion of the committee was simply that members should present in writing their ideas as to any desirable changes in the city charter, individual members said both at this and a former meeting that any suggestions on the same line from outside citizens would be welcome. There are many, people not on the committee who have ideas on the subject. One of these is to include Fuiton and possibly some other outlying territory in the city limits. Fulton is already enjoying most of the metropolitan facilities afforded by the city, and her people probably would not object to-being put on an equal footing with those in Wheeling.

Resolutions of Respect.

Resolutions of Respect.

At a regular communication of Wheeling Lodge No. 28. R. P. O. E., held Thursday, March 12, 1896, the following resolutions were adopted:

Whereas, It has pleased the Exalted Ruler of the Universe to call from our midst our beloved and distinguished brother. A. D. Garden,

Be it Resolved, That while we deeply mourn the loss of our brother, we himbly submit to the dispensation of the Exalted Ruler of all, believing that in leaving this forest of care and trouble he was received to enjoy the reward of his labors in that land whence no traveler returns.

Resolved, That his was a splendid type of physical and mental manhood, stalwart, upright, temperate, generous and just, but he is gone—fone from us forever. He died suddenly. He died almost with the harness on, His sun went down without a cloud upon its disk. Its last rays were clear, bright and tranquil. His spirif we know intrepid and unterrified, resuling with faith upon its Savior and upon fits God, was borne safely through the dark valley of the shadow of death. And when the melancholy tidings of his mournful death was whispered over this community, it nowhere touched a more responsive chord, nor will its memory be enywhere more tenderly enshrined than in the loving and affectionate hearts of the members of Wheeling Lodge No. 28, B. P. O. E.

Be it Resolved, That, while we humbly bow in submission to the will of the Exalted Ruler of ali, we do hereby express our heartfeli regrets at the sudden dense, and in his death we lose a brother for whom the wartnest feelings shall ever live.

And be it further Resolved, That to the bereaved family of the deceased we

ever live.

And be it further Resolved, That to the bereaved family of the deceased we the bereaved family of the deceased we extend our deepest sympathy, and send them the hope as it has been said of their beloved one, "Well done, thou good and faithful servant; enter now into the joys of thy 4.00th."

And be, it further Besolved, That

And be it further Repolved, That these resolutions be inscried in the daily papers, a copy furnished to his bereaved ramily, and the same be spread upon the records of the lodge,

A. H. WIEDEBUSCH,
C. R. TRACY,
S. O. BOYCE,

Huntington's Statement Regarding the Opposition to the Pacific Funding Hill. Opposition to the Pacific Funding Bill. BAN FRANCISCO, March 13.—Call-fornia read the report of the testimony

BAN PRANCISCO, March 12.—Callfornia read the report of the testimony given by C. P. Hunnington yesterday before the house committee on Pacific railroads with ministed feelings of annusement and indignation. In discussing the public realing in California with regard to the Central Pacific funding geneme, Mr. Huntington is said to have remarked that there were perhaps 100 people in the state who are opposed to the project. How near Mr. Huntington's estimate is to the truth may be judged from the following statement made by Mayor Sutro:

"Of the 1,500,600 persons in California it may be safely said that 1,400,000 are opposed to the funding bill. The 100,000 who favor the scheme are bankers who hold the bonds of the company, and people under the control of the company. It is outrageous that Huntington should have the effrontery to tell such barefaced falsehoods to a congressional committee. He would have Congross believe that I am the only man in the state who is opposed to the funding bill when, as a matter of fact, the sentiment here is almost unanimously against it. It will be the greatest calamity that ever befell a state if Huntington succeeds in hoodwinging Congress to pass the bill. The funding scheme proposed by Senator Morgan will be fairly acceptable."

MANY WERE INJURED. Collision on the Vandalia Line-Terrible Panie in a Car.

BRAZIL, Ind., March 13.-A passen-ger train on the Center Point branch of ger train on the Center Point branch of the Vandalia line was wrecked at Center Point, south of here, at 7 o'clock. The engine and miners' car', containing about 100 miners, had gone on the side track to make a running switch, when the other section of the train, composed of a caboose and passenger car, got beyond control of the trainmen, and shooting down the heavy grade, collided with the first section before the brakeman could throw the switch. The caboose and miners' car was crushed in, while the engine and passenger coach were damaged. The miners in their car were thrown into one end of the car and the heavy seats piled on them. In their wild efforts to escape, they trampled and tore each other in a frightful manner, Following is a list of injured:

William May, miner, right ankle broken and other injuries.

Mitchell Gumm, miner, struck on head and badly hurt; taken out unconscious. William Lucas, miner, hip crushed. Sheriff John R. Paine, of Braxil, was in the caboose: seriously injured, one ar torn from head.

Canductor William Kennedy, of Terre Haute, foot mashed in terrible manner. the Vandalia line was wrecked at Center

ner.

Harley Henderson, baggage master, face torn.

A peddler named Isaacs, of Terre Haute, injured about legs and back.

Nearly every miner sustained injuries of more or less serious nature.
